2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

Director's Message

Mission Statement

Redwood Preparatory Charter School is a community of learners that exists to inspire each student to academic excellence using research-based best practices and innovative means to build a passion for learning, a solid foundation of knowledge, and

2021-22 School Overview

a strong sense of social responsibility.

Core Values:

Our school is built upon a foundation consisting of the following five core values: Academic Excellence, Sense of Community, Social Responsibility, Collaborative Leadership, and Educating the Whole Child.

Redwood Preparatory Charter School is committed to offering a quality, rigorous, and meaningful educational program that sets students on the path to college and empowers students to become productive, healthy, ethical citizens in a changing society. Through a curriculum based on core academic standards and research-based best practices, we empower students to become self-motivated, lifelong learners. Utilizing assessments and data to guide our instruction, it is our goal to ensure that all students reach their highest levels of academic achievement.

Through participation in classroom, school, local, and global communities, Redwood Preparatory Charter nurtures respect for diversity and civic responsibility. We have established a vigorous learning community that reflects and supports our common core values. Children develop social responsibility and feel a greater sense of belonging in an environment which promotes close, long-term relationships between classmates and teachers. In an atmosphere of collaboration and family involvement, which embraces considerate and clear communication, we believe that children flourish and grow to be healthy, competent, and engaged members of our society.

Students thrive when offered opportunities to expand experiences through enrichment. The staff at Redwood Prep fosters a culture of exploration through programs and choices that promote individual and collaborative inquiry. We aim to educate the whole child by integrating drama, music, art, technology, and athletics into the curriculum. These experiences teach students to problem solve, work creatively and develop perseverance. By integrating our five core values, Redwood Preparatory Charter School is committed to educating students that are equipped with the essential skills, knowledge, and passion for learning that are critical for success in the 21st century.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

As an independent charter school, we have flexibility in our choice of curriculum. Teachers plan and align curriculum based on the Common Core State Standards and use scientifically researched best instructional practices. Every classroom integrates the use of technology and internet-based resources into daily instruction, which reduces the need for textbooks and paper-based instructional materials. Classroom curriculum and instruction is aligned with California Common Core State Standards, Next Generation Science Standards and the most recent revision of the California State Standards for history-social science. All of our students have access to the textbooks and other instructional materials aligned to our curriculum.

School Facility Conditions and Planned Improvements

Redwood Preparatory Charter School completed construction of our school facility in September 2016. Our site houses all of our students from transitional kindergarten to eighth grade. We have 10 modular classrooms that include a STEAM/Maker lab. Additionally, we have a TK/after-school room; multipurpose room; resource/speech room; intervention room; kitchen; and four offices for the after-school coordinator, attendance, business manager and director.

Our students enjoy playing on our play structure, swings, blacktop, two basketball courts and field. We also have structures such as a fairy garden and mini storefront for creative play.

The general condition of our school meets the rating of Good on the Facilities Inspection Tool.

Our board adopted a facility maintenance plan that includes setting aside funds each year to accommodate long term facilities repairs and upgrades. This year we began the process of replacing HVAC units in three of the classrooms and will continue replacing units each year until all classrooms have updated ventilation systems.

We do not receive deferred maintenance funding from the state at this time.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative testing suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

For any 2020-2021 data cells with N/T values indicate that this school did not test students using the CAASPP Science.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Redwood Preparatory Charter encourages all families to actively participate in school operations.

We provide many opportunities for families to engage in ways that are meaningful and enjoyable. These opportunities include:

- Governing Board Membership
- Parent Council
- Family Events Committee
- Classroom volunteers
- Grandparents in Action
- Office Volunteers
- Fundraising Committee
- Facilities and Grounds Volunteers
- Guest teaching
- Homework/after-School Support
- Chaperones on class trips
- School publicity and news
- Grant writing

For more information on how to become involved at the school, please contact our Director, Krista Croteau, at (707) 682-6149.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.00	0.00	0.00	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

A school safety committee reviewed, revised and updated our school safety plan on and it was accepted by our Board of Directors on August 10, 2021. Our current plan is as follows:

Redwood Preparatory Charter School is committed to maintaining a safe and secure campus for all of its pupils and staff. To that end, this school safety plan covers the school's policies and expectations regarding the practices of the school in maintaining the security of the physical campus, responding appropriately to emergencies, increasing the safety and protection of students and staff, and creating a safe and orderly environment that is conducive to learning.

Included in our safety plan are all required plans and documents outlining school safety protocols related to Covid-19.

2020-21 Types of Services Funded

In 2020-2021 we returned to in person learning on campus daily. We used Learning Loss Mitigation Funding to ensure 1) added safety measures 2) increased social emotional supports 3) updated curriculum and technology. Redwood Prep received Title I funding to support eligible students. The school used this funding to partially pay for intervention personnel and our STEAM teacher.

2019-20 Teacher and Administrative Salaries

Professional Development

Ongoing student-centered professional development opportunities are key elements to the success of any academic institution. The founding committee of Redwood Preparatory Charter School strongly believes in the value of ongoing, research-based, focused professional development. We believe that in order to promote student success, we must maintain an instructional program and school culture that values and promotes rigorous and meaningful academics and continuous, dynamic staff professional growth. Current professional development activities include; Google for Educators, You Cubed, Daily 5 and CAFE Literacy Program; Innovative Technology Academy; Special Education Administration and Legal Symposiums; and various individual online trainings through the Habits of Mind Organization, CUE, ASCD and California Rural Superintendent/Principal Academy (CRSPA).

- Our professional-development opportunities focus on the goals we set for student learning and are based on the needs of staff members to improve instructional practices that allows us to achieve those goals. Goals for professional development are developed collaboratively based on the evidence presented in student assessment data and community input. For the past three years, our board has supported teachers to attend conferences as a team toward meeting our goals for student learning. Individual staff member goals are based on each staff member's own classroom data or professional needs. Resources, as available, are utilized to enable each staff member to pursue their own professional goals as well as those of the collective school community.
- Professional-growth activities include attendance at state or community-level conferences, college classes, online courses, County Office of Education workshops, peer mentoring/coaching, Professional Learning Community (PLC) involvement, visitation and observation of teachers in other schools, and partnership teaching opportunities among Redwood Prep staff members. Ongoing and meaningful professional growth is supported throughout the year for individual staff members and for all staff members by means of schoolwide training. Individual and schoolwide training may happen at our campus, at a neighboring school, at the local county office of education, at a local college campus, online or out of the area. Initial professional development topics included project-based learning, technology integration, math content/instruction, service learning projects and developing social responsibility.
- In order to maintain a focus on student learning, Redwood Prep engages in a systematic process in which the director and teachers work together to analyze and improve classroom and schoolwide practices as a PLC. Richard DuFour, a collaborative-teaching developer, suggests three crucial questions that must drive the work of school communities: "What do we want our students to learn? How will we know when our students have learned it? And how will we respond when a student experiences difficulty?"
- Taking a "backward design" approach to student learning, the Redwood Prep staff identifies essential academic standards from both the national core content standards and the Common Core State Standards. From that, we then design lessons, activities and assessments that lead students to mastery of each standard. Our instruction utilizes a variety of resources including core content curriculum, teacher-designed lessons, and project-based activities. Both summative and formative assessments are utilized to determine progress and mastery. Assessments are implemented and analyzed on a regular basis to determine student learning and quickly identify students needing intervention. Redwood Prep focuses on an intervention over remediation approach to instruction.
- Teachers and the director work collaboratively to collect and analyze student data in order to discover trends and outcomes of instruction. This data is used to generate collegial conversations and to plan for a course of action that improves student learning and increases academic achievement. Additional time and support is available to help all students maintain grade-level expectations and to meet the academic standards. Parents and guardians of struggling children are regularly informed of their child's progress and are given ideas and activities to use at home to help the child close any achievement gap.
- Teachers meet weekly during early release days to discuss student progress and analyze assessment data. A portion of each meeting is allotted specifically for special education students. During these meetings, discussion focuses on how to improve targeted instruction. Decisions regarding professional development are made based upon student need as indicated by ongoing classroom and benchmark assessment data.
- This year professional development focuses on Universal Design for Learning and Math instruction.
